

PE & Sport Funding at Wellington Primary Academy

What is the Sports Premium?

The Government is providing funding of £150 million per year to provide new, substantial primary school sport funding. £8000 is given to schools with more than 16 pupils on roll, plus another £5 per child aged between 5 and 11. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school head teachers to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools. At Wellington Primary Academy, we have been allocated £8870 for the academic year 2016/2017.

Purpose of funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this. Possible uses for the funding include:

- hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE;
- new or additional sport clubs;
- paying for professional development opportunities in PE/sport;
- providing cover to release primary teachers for professional development in PE/sport;
- running sport competitions, or increasing participation in school games;
- buying quality assured professional development modules or materials for PE/sport; and/or
- providing safe and secure storage for equipment and new equipment to support PE and sport.

How will we be spending the Sports Funding at Wellington Primary Academy and who will benefit?

It is agreed that the money will be used so that:

- all children benefit regardless of sporting ability;
- children are able to join with other cluster schools in sporting competitions and activities;
- the most able children are given the opportunity to compete with other able children;
- resources are purchased to support all children in accessing the PE curriculum, including those with SEND and;
- staff have access to training opportunities and Continued Professional Development (CPD).

Equal opportunities

At Wellington Primary Academy, we consider ourselves inclusive to all sporting ability and believe that anyone can be successful in PE. Where necessary, money will be used to buy in training and sessions for children in new and different sports to promote inclusivity and thus allow all children to participate in competition.

How have we spent the money and how will we judge the impact?
